# 1.0 DIVISIONS OF SUPER SERIES BASEBALL

Super Series Baseball of America® tournaments provide an opportunity for teams of varying skill levels to enjoy competing in qualifying tournaments, and to earn a berth in our Championship Tournaments. Our divisional guidelines are designed to produce a competitive arena that is fair for teams within all three of our skill levels.

Please realize that no organization has been able to compose a “concrete” definition or what is, or isn’t, an “American”, or “National” division team. There is no definitive method by which to accurately classify each team’s skill level. Classification is subjective, and is determined by the opinions and decisions of Super Series officials in judging the talent level of each team.

We consider, and monitor, teams’ participation in other organizations as well. If we find that a team is participating in a higher division of another similar organization, and has achieved a winning and successful record, we will require such teams play in our associated class or division.

At the same time, if a team is classified in a higher division of another organization, but has been unable to achieve a winning or successful record in that division, Super Series will allow such team to participate in a division of our organization that we deem appropriate. This could be a lower division.

## 1.01 NATIONAL and SUPER 16 DIVISION:

The **National Division** is designed for the nation's most competitive, “*select*” teams. Players on these teams may be recruited from **any state**. The National Division is our most talented and highly skilled division, and provides outstanding teams, who take pride in striving to be the best, an opportunity to compete against the best in the nation.

Any team which has out-of-state players on their roster, and if the team does not have a printed Super Series letter of border exemption for the out-of-state players, the team will be REQUIRED to participate only within the National Division.

## 1.02 AMERICAN DIVISION:

The **American Division** is designed for those “select” or “recruited” teams which cannot be competitive at the National division level. If we find that an “American” team consistently wins within the American Division - Super Series reserves the right to elevate such team to our National division, any time, at our discretion.

## 1.03 MINORS DIVISION:

The **Minors Division** is our division designed primarily for the least talented teams which cannot compete successfully within our American or National Divisions. Classification in our Minors Division is not based on size of the community, availability of players within a region, nor the size of the players. Classification in the Minors Division is based purely on the ability and skill level of the team.

## 1.04 7 YEAR OLD DIVISIONS:

Super Series has added a 7U Division Super Series Competition. This age/division will be primarily Coach Pitch. Local qualifying events may add Machine Pitch at their discretion.

**Championships shall be offered ONLY in the divisions that have adequate participation during the regular season.**

## 1.05 8 YEAR OLD DIVISIONS:

The 8U Division will feature “Coach Pitch” competition.

# 2.0 TEAM CLASSIFICATIONS

**2.01** Team classification is NOT determined by a team’s “declaration”, but rather by “**qualification**” within a Super Series sanctioned qualifying event. Until qualified, a team may choose any level of participation.

**2.02** A team may change divisions, up or down, provided it has **not qualified** for a national championship berth. **Once a team qualifies** for a national berth in any division, the team no longer can move down in class for the remainder of that season. However, the team may still move up. Teams which qualify for a berth in a National Championship event must compete in the highest National Championship division in which they have qualified.

**2.03** If a team wishes to protest its classification, or division qualification, in any Super Series event, the team shall first contact the tournament director, where the qualification was achieved. The tournament director will discuss the request with the Super Series National Office. The decision of the National Office shall be final.

**2.04** Super Series considers a team’s classification in other organizations, too. If a team is successfully competing (with a winning record) at a higher divisional level in USSSA, AAU, TRIPLE CROWN, or others, we will expect the team to also compete at the same, or associated, level in Super Series as well.

**2.05** Likewise, since classification is subjective, if a team is believed to be misclassified in another organization, Super Series will allow the team to play in a lower division. For example, if a USSSA Majors team is not able to achieve a winning record in Majors competition - Super Series would consider allowing the team to participate in the American Division.

**2.06** Super Series has the right to designate the starting level for any team based on the past history of the team. Super Series also has the right to assign any team to a higher or lower level of classification based on the performance of the team in both Super Series, and other organizations.

**2.07** Any team that finishes in the TOP FOUR of a Championship OR World Series, must begin the **next season** at the next higher level of classification. The team must participate in several Super Series qualifier events, and fail to qualify at that level, before Super Series will consider lowering the team's classification

**2.08** If a qualified team disbands, or requests termination of its roster for re-organization of the team, the team **must remain at the highest level of classification** previously achieved, and all players on the original roster are restricted to the participation at the same divisional level, unless written permission for reclassification is granted by the Super Series national office.

**2.09** Super Series reserves the right of approval, and classification assignment, for all teams remitting entries to the National Championship events. A team is officially entered, only upon official approval of the National office.

**2.10** If Super Series feels that a team is "sandbagging", or over-qualified for a specific championship event, Super Series may elevate the team, and re-assign the team to a higher division. In the event the team then withdraws from the championships, the entry fee is non-refundable. Super Series bears no responsibility for a team entering the improper championship division. In the event the team incurs expense, or financial loss, due to such re-assignment, Super Series shall bear no responsibility for such expense or loss, and is not obligated for any financial compensation to the team for proper divisional re-assignment.

## **3.0 TOURNAMENT STRUCTURE:**

### **3.01 QUALIFYING TOURNAMENTS**

If an adequate number of both American and National Division teams enter a qualifying tourney, we will offer two or more separate, and pure divisions.

If we must combine two or more divisions to have an adequate number of teams within the age group, American teams could possibly play National teams in pool play. However, qualifying events which combine teams for pool play must offer pure-divisional elimination bracket games and awards.

The top four teams in each age and division of a Super Series qualifying tournament will be qualified for participation in the National Championship or World Series tournaments.

**OPEN EVENTS** will group all teams of the same age within pool play, then assign teams to designated elimination round classifications, based on the team's performance within the pool play games.

### **3.02 SUPER 16 REGIONAL QUALIFIERS**

Super Regional qualifying tournaments allow the top four teams in each age and division to qualify for true National Championship events. Teams from ANY state may participate in any Super Regional. These events are special because they allow **FOUR teams in each age division to advance to the national championship.**

The **SUPER 16** and **NATIONAL DIVISION CHAMPIONS** will advance to the offered **National Youth Baseball Championships** presented by the **Major Youth Baseball Alliance** and **MLB.com**. This tournament awards participating teams with transportation expenses and hotel accommodations. These events will also be nationally televised.

### **3.03 STATE CHAMPIONSHIPS**

State Championships are open to teams from within the state where the events are held. These events also provide qualification to the top four teams in each age and division, along with **TRIPLE POINTS** and a **PAID ENTRY** to the National Championships or World Series events. **Participation is optional and not required.**

### **3.04 NATIONAL CHAMPIONSHIP / WORLD SERIES TOURNAMENTS:**

#### **3.04.1 SUMMER CHAMPIONSHIP / WORLD SERIES COMPETITION:**

There are completely separate tournaments in all National Championship ages and divisions.

**7's – Coach Pitch**

**8's – Coach Pitch**

**9's – 9U and 9U Minors**

**10's thru 14's – Super 16, American, and Minors Divisions**

**15U, 16U, 17-18U – National Division Competition Only**

**Neither ages, nor divisions, are ever combined in National Championships or World Series events.**

#### **3.04.2 WINTER NATIONALS COMPETITION:**

**9's – One single 9U Division will be offered**

**10's thru 14's – National and American Divisions Only**

**15U, 16U, 17-18U – National Division Competition Only**

**3.04.3** 7U and 8U Teams do not have to qualify in order to enter National Championship events. However, all teams which do qualify earn valuable seeding points. Seeding points will be used to seed National Championship pools.

**3.04.4** 9U teams do not have to qualify to enter the 9U Championship events. However, all teams which do qualify earn valuable seeding points. Seeding points will be used to seed National Championship pools. All 9U teams entering 9U MINORS Division Championship events must have qualified to ensure that a team is not over-qualified or sandbagging.

**3.04.5** All high school age teams, 15U, 16U, and 17-18U do not have to qualify to enter the Super Series Championship events. However, all teams which do qualify earn valuable seeding points. Seeding points will be used to seed National Championship pools.

### **3.05 QUALIFICATION SEASONS:**

**3.05.1** Super Series has two distinctly separate seasons per year. Each season is independent of the other, and requires separate team registration, roster registration, and qualifications for the season's National Championship events.

**3.05.2** All players registered to any team, shall be automatically released at the end of each season, and shall become "free agents" to join the team of their choosing for the next season.

**3.05.3** The Spring-Summer Season shall run from January 5<sup>th</sup> thru the July 4<sup>th</sup> weekend. All qualifications shall provide eligibility of entry (only) for the Summer National Championships.

**3.05.4** The Fall-Winter Season shall run from August 1 thru December 15<sup>th</sup>. All qualifications shall provide eligibility of entry (only) for the Winter National Championships.

### **3.06 WHEN TEAM AGE CHANGES:**

All teams move up in age when the summer National Championships conclude, each summer – or when registering for the Fall-Winter season.

(Example: a 13U team in the summer nationals must compete in the 14U age division for events commencing with the Fall/Winter Season.)

## 4.0 TEAM GENERAL ROSTER RULES:

**4.01** A team roster is limited to 18 total players for all teams.

**4.02** It is the responsibility of the team manager to ensure that all player data is absolutely accurate. Any roster found to have inaccurate or falsified information, whether intentionally, or accidentally, shall result in termination of the registration, disqualification of the team within the event, and the team manager may be suspended subject to the discretion of Super Series Baseball.

**4.03** A player may appear on ONLY one roster, at any time, within the same age division. Any player found to be participating with more than one team in an age division shall result in the second team's disqualification, and suspension of the player.

**4.04** Any qualified team, or player, found to be participating in a classification level that is lower than the highest qualified level that the player has previously achieved in the current season, shall be subject to disqualification or suspension by Super Series.

**4.05** No player may be added to any team without the parental consent of the player. If the player comes from a split family, the legal guardian of the child shall be responsible for such consent. Any manager adding a player without parental consent, in an effort to prevent a player from joining a different team, shall be permanently disqualified from Super Series.

*(While not required by Super Series, we highly recommend that every team manager requires a notarized parental signature on the parental consent form offered by Super Series. This form will then be accepted as proof of consent by Super Series in the matter of consent disputes.)*

**4.06** Residency of all players shall be determined by the community where the child last attended school fulltime.

**4.07** When entering player names, managers are required to use the **legal name** of the player as it appears on the certificate of birth. Nicknames are not permissible and can lead to a player being registered under two names. A player appearing on two rosters of the same age division is a rule violation which can lead to team disqualification, and player suspension.

**4.08** In the event a manager makes a typographical error on a date of birth, and a player is able to be entered on two rosters, the manager who entered the inaccurate information, shall forfeit the right to the player, and shall be subject to suspension.

**4.09** Any player, or parent, wishing to change teams in the midst of a season, must obtain the consent and release by original team manager. Should a player change Super Series teams without such release, the player is subject to disqualification and suspension.

*(Super Series does not get involved in 'disagreements' between parents and team managers. These are personal matters which Super Series will not address)*

**4.10** A parent can ask the Super Series office for a **mandated release** if:

- A)** The parent has proof of a managerial rule violation
- B)** The player has been dismissed from the team but the manager then refuses to grant release
- C)** If, after entries close for a National Championship, the original team is not participating in the national championships, and the manager will not grant release, the Super Series national office will release the player upon written request from the player's family. A manager cannot deny a player an opportunity to participate in a national championship. The player is restricted to joining only a team of equal or higher classification

**4.11** A team can request **mandated dismissal of a manager or coach**, if a **majority** of team parents submit a written petition to the Super Series national office. The petition must state the reasons for the dismissal request, and contain original notarized signatures of each parent requesting the dismissal.  
(The same notary cannot notarize all of the signatures.)

**4.12** No out-of-state players can be listed on any American or Minors Division roster unless written certificates of border exemption approval from the Super Series national office are attached to the roster.

If out-of-state players are listed on the roster, and written border exemption certificates are not attached, the team is automatically restricted to participation in the National Division.

**4.13** National Division teams may add players from any state. Such additions do not require border exemptions.

**4.14** Any team adding a player who has qualified at a higher level of classification during the current season shall be disqualified. The team manager, and the added player, shall also be subject to suspension at the discretion of Super Series.

**4.15** Due to federal C.O.P.A. laws, no roster information, including player data, or the roster access ID or Password, will be provided to any individual except the manager of record listed on the registration. All requests for a roster ID or Password must be sent from the same e-mail address that appears on the team registration. We cannot, and will not, furnish such information to assistant coaches, team moms, or team business managers.

**4.16** A player MAY play up, with a second Super Series team, provided the second team is in an older age division. However, (*for example*) if a player is on both a 12 and 13 roster, he may play with only one of the two teams should both teams be participating in the same tournament.

**Additionally, both teams must be of equal division. (If one of the teams is in the National Division – and the other is in the American Division – the player may only participate with the team qualified in the higher division.)**

**4.17** Any qualified team, which has exhausted all "adds", but has fewer than 9 players remaining, must notify the national office and terminate its roster. The team may re-register and start anew. A team incapable of participation may not prevent the remaining players from participation. If the team chooses not to continue or re-register, Super Series shall terminate the roster and release all remaining players.

**4.18** Any qualified team which terminates its registration and roster, and then re-registers, must continue to play at the highest level of classification previously achieved during the current season.

## **5.0 ROSTER CHANGES and ADDITIONS:**

**5.01** Until a team has qualified, the team has the ability to make an unlimited number of roster changes, additions, or drops.

**5.02** All roster changes must be made online via the Roster Control Center and a new roster must be printed reflecting all changes.

**5.03** Any player released from a roster may NOT be re-added to the team for the remainder of the current season.

**5.04** Any dropped player from a qualified team may only sign with another team of equal or higher divisional classification.

**5.05** Once a team has qualified (except 15U thru 17-18U teams), the team is thereafter limited to THREE additions and THREE drops. If the team has exhausted all adds and drops, the team may request that our national office terminates the original registration, and the team may purchase a new registration. If a team chooses to terminate and re-register, the team forfeits all qualifications and points accumulated to date, and basically starts over. However, the team must remain at the highest level of classification previously achieved.

**In SUPER 16 Competition**, teams qualifying in a SUPER 16 regional may add or drop a maximum of **5 PLAYERS** prior to participation in the National Championship.

**5.06** For **15U, 16U, and 17-18U teams**: These teams, qualified or unqualified, have unlimited roster changes, additions, or deletions, provided the roster size does not exceed 18 total players at any time. After a team which has reached 3 additions or deletions may have your roster counter will be re-set upon request to the national office. You may contact the national office via phone, or send an e-mail requesting counter reset. Be sure to include your team's roster ID number.

**5.07** To request roster termination: the request may come **only from the manager of record on the registration**, via a phone call, or e-mail, to the national office. The e-mail address you send FROM **must match the same address** of record on the registration.

**5.08** Once a tournament check-in has concluded, or a tournament begins (whichever occurs first), no roster changes, nor player additions are permitted. **PENALTY:** Disqualification of the team from the event and possible suspension of the team manager and added player subject to the discretion of Super Series.

## 6.0 BORDER COMMUNITY EXCEPTIONS

**6.01** BORDER EXEMPTIONS will be considered for only those teams, or players, whose residence is in a community that **actually touches a state border**. Any border exemption granted will have a maximum mileage limitation of 30 miles across the nearest state border only.

**6.02** Official residency of a player is determined by the residential address of the player where he last attended school fulltime.

**6.03** In the event of a “joint custody” matter, a written copy of the court order must be provided to the Super Series national office. This would be applicable for a player who might reside in one state with a mother during the school year, and the father in another state during the summer. Super Series will not consider requests from players who live in one state, and then simply visit friends or grandparents for a short period in the summer.

**6.04** Only a team manager may request a border exemption. The written request must include the player’s name, address, city, state, and zip code. Post office box addresses are not acceptable and will not be considered.

**6.05** If the request is granted, a printed certificate of exemption will be generated by the Roster Control system. The certificate must be printed and attached to every roster remitted to the event director, whenever, and wherever, the team is participating within a Super Series event.

## 7.0 SUPER SERIES GAME RULES

Local and area qualifying tournaments may have slight amendments to these rules based upon the local precedents established at each tournament site. Such “local rules” are permissible for qualifying events, but not allowed in National Championship events. All local rules must be approved by Super Series in advance of the tournament.

### 7.01 GENERAL PROVISIONS:

Super Series Baseball of America takes pride in using the **OFFICIAL SPORTING NEWS BASEBALL RULES**, with these exceptions, as our basis for all tournament play. Our primary exceptions are:

**7.01.1** Lead-Off’s are allowed in all divisions ages 9 and above.

**7.01.2** The dropped 3rd strike rule is in effect in all age division ages 9 and above.

**7.01.3** Starting players may be removed and re-enter the game one time in their original batting position.

**7.01.4** Players who **have not been inserted into the game** may courtesy run for either the pitcher or catcher at any time (but cannot run for more than one specific player per inning).

**7.01.5** Missed bases require an appeal play.

**7.01.6** A team (ages 9 thru 14) may use an E-H (extra hitter) in the line-up if declared at the start of the game. If a team elects to start the game using an E-H, the team must use a 10 player line-up throughout the game. If, due to injury or ejection, the team is reduced to 9 players – an out shall be recorded when the injured player was scheduled to bat. If the team is reduced to 8 players, the game shall be forfeited.

Teams in the high school divisions – ages 15 thru 18 – may utilize the high school federation Designated Hitter rule (D-H) if desired. The E-H (extra hitter) is not allowed in the high school age groups.

**7.01.7** Players ages 8 thru 14 may use any length and weight bat provided the barrel does not exceed 2 3/4 inches in diameter.

**Players ages 15 and above must use bats which conform to the High School bat Length-to-Weight differential rule of Minus -3**

**Penalty:** the batter is out, and the bat is removed by umpires for the duration of the game.

## **7.02 BASE AND PITCHING DISTANCES – GAME LENGTHS:**

<b>AGES 7 &amp; 8:</b>	<b>60 FOOT BASES</b>	<b>40 FOOT PITCHING</b>	<b>6 INNINGS</b>
<b>AGES: 9 &amp; 10</b>	<b>65 FOOT BASES</b>	<b>46 FOOT PITCHING</b>	<b>6 INNINGS</b>
<b>AGES: 11 &amp; 12</b>	<b>70 FOOT BASES</b>	<b>50.6 FOOT PITCHING</b>	<b>6 INNINGS</b>
<b>AGES: 13 &amp; 14</b>	<b>80 FOOT BASES</b> Or <b>90 FOOT BASES</b>	<b>54.0 FOOT PITCHING</b> Or <b>60.6 FOOT PITCHING</b>	<b>7 INNINGS</b>
<b>AGES: 15 &amp; Above</b>	<b>90 FOOT BASES</b>	<b>60.6 FOOT PITCHING</b>	<b>7 INNINGS</b>

## 7.03 TEAM REGISTRATION:

**7.03.1** All teams participating in any Super Series event must have registered their roster online, and provide the event manager a printed copy of the roster. **Any team that participates in any Super Series event without acquiring a team registration for that specific season shall be disqualified from the event, and subject to suspension or indefinite disqualification.**

**7.03.2** No roster may contain any handwritten additions.

**7.03.3** The team manager, upon request, must provide a copy of any player's certificate of birth to the event manager. The dates of birth on the certificate and the Super Series roster must match identically, or the player and team is subject to disqualification.

Super Series has two totally separate seasons per year, and seasonal registration is required. The **Fall/Winter season**, and the **Spring/Summer season** shall require separate team registrations. No player shall be assumed to be carried over on any roster from one season to another. At the end of each season, all players shall be considered FREE AGENTS until such time they are included on a registered roster for the new season.

All teams must purchase and print their team registration online, once per season, on the Super Series web site at <http://superseriesbaseball.com/register.html> in the advance of participating in Super Series tournaments. A copy of the team's registered Super Series roster must be presented to the tournament director before commencing play at every Super Series tournament.

**Fall/Winter** team registrations shall be valid between **August 1 and January 4.**

**Spring/Summer** registrations shall be valid between **January 5 and July 31.**

Managers may form and register a completely new team each season.

Team registration shall remain **virtually free provided:**

if a team encloses a copy of their Super Series registration/roster certificate and remits the tourney entry fee to any qualifying or state tournament more than 2 weeks in advance, the team may deduct \$25.00 from the stated entry fee. In this manner, the team is reimbursed the cost of their registration upon their first tournament entry. The team can literally save another \$25.00 on each, and every, ensuing event that it enters provided this policy is followed. **No entry fee deduction is allowed unless the registration/roster, and entry fee, is received by the event director at least 14 days in advance of the event..** No entry discount is allowed for National Championships

## 7.04 TEAM INSURANCE REQUIRED:

All teams competing in Super Series event must have excess accident/medical coverage and general liability insurance. Required coverage limits are a minimum of \$100,000 excess accident/medical, and minimum of \$1,000,000 general liability which includes participant legal liability. The team has the right to purchase its insurance from any reputable company, and Super Series Insurance is an available option. For National Championship events, teams should obtain a certificate of insurance. If you have insurance, other than Super Series insurance, you should name Super Series Baseball of America as “additionally insured.” Your team insurance certificate is required at check-in. Teams desiring to purchase Super Series Baseball of America insurance should visit our web site at:

<http://superseriesbaseball.com/insurance.html>

**7.04.1** Any Super Series insured team, that **switches team manager, or team name**, shall be required to purchase new insurance. A manager change, or team name change, will be considered as a new, or different, team and any prior insurance coverage of the team shall not transfer to the second, or new team.

**(Example:** Team 1 “Bears” forms in the spring and insurance is purchased by team manager “John Smith”. Should this team terminate in August, and then another manager (“Bob Black”) forms a fall team (team 2) of the same name, with or without some of the same players from the spring team included, this shall be considered a new team and, new team insurance is required.

## 7.05 TIME LIMITS:

The local qualifying tournament director may impose qualifying game time limits as deemed necessary. No new inning may start after time has expired, except when a game is tied. In all tournaments, to help keep the event on schedule, pool play games may end in a tie. Pool play is used for seeding purposes only in elimination rounds.

In pool play, if the game is tied after regulation innings are completed, but time is still remaining, additional inning(s) may be played until the time limit expires.

## **13.0 HOW TO ENTER SUPER SERIES CHAMPIONSHIPS and WORLD SERIES:**

### **A. GENERAL INFORMATION:**

With the exception of the 7U, 8U, 9U Divisions (*except 9U Minors*), and 15's thru 18's divisions, all teams participating in a Super Series National Championship event must have qualified in a Super Series qualifying tournament. A list of qualified teams is sent from our national office to each championship event host for verification.

Those 7U, 8U, 9U, and 15's-18's teams which *have* qualified by finishing in the Final Four of a Super Series qualifier will be rewarded with the highest seeds in the national championship events. However, 7U, 8U, 9U, and 15's-18's, may enter these events as "at-large" teams.

9U Minors Teams – will be required to have qualified in order to prevent under-classification and sandbagging.

Teams eligible for National Championship play will be e-mailed notification of qualification.

A list of all summer championship events may be found on our web site:  
<http://superseriesbaseball.com/championships.html>

A list of all winter championship events may be found on our web site:  
<http://superseriesbaseball.com/winter.html>

Under each event is a link which takes you to that event page containing the contact information for that event.

Teams should submit their entry as soon as possible to the specified tournament director of the event after qualifying. All teams entering are subject to review and approval by the national office.

All Super Series National Championship tournaments will be limited to a maximum of 64 teams. While hundreds of teams will have qualified for each National Championship event, we will accept only the first 64 qualified entries. It is our hope to have a perfect 64-team bracket.

The number of teams advancing to the championship bracket after pool play shall be:

<b><u>Total Teams Entered in Event</u></b>	<b><u>Teams Advancing to Championship Bracket</u></b>
1 to 16	All
17 to 32	16
33 to 48	24
49 to 64	32

(For example, if there were 32 total teams in a championship, the top 16 finishers in pool go to the championship, and 16 teams would advance to consolation. For a full event of 64 total teams, a maximum of 32 teams advance to the championship bracket, and the remainder advance to consolation. Pool play is now very important)

Each team will play three pool games for seeding, then commence a pure double-elimination bracket. Each team is assured of a five (5) game minimum.
